OBJECTIVE

To obtain a challenging position as a Full Stack Java Developer where I can utilize my skills in Java, Spring Boot, React.js, and AI Data Operations while contributing to organizational growth and continuously enhancing my technical expertise.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026
Omega PG College, Hyderabad
CGPA: 7.5/10

Bachelor of Science (MPCS) 2021 – 2024
Government City College
Percentage: 81%

Intermediate Education 2019 – 2021
Sai Sri Junior College
Board of Intermediate Education, Telangana
Percentage: 66%

SSC (Class X) 2018 – 2019
TS Model High School, Mustabad
CGPA: 8.5/10

SKILLS

Programming Languages	Java, JavaScript, SQL
Frontend	React.js, HTML5, CSS3, Bootstrap
Backend	Spring Boot, REST APIs
Database	MySQL
Tools	Git, GitHub, VS Code, Eclipse, Vercel, Railway
Other Skills	AI Data Annotation, Edit Phase, Audit Phase

INTERNSHIP/TRAININGS

AI Data Operations Intern, THE AI School, AV-HUB, Hyderabad June 2026 – Present

- Worked on AI data annotation and labeling for text, image, and document datasets.
- Worked in the Edit Phase by reviewing and correcting annotated data to ensure accuracy and consistency.
- Worked in the Audit Phase by validating completed annotations and maintaining quality standards before final submission.
- Performed data validation, quality assurance, and quality checks to improve AI model performance.
- Followed annotation guidelines and delivered high-quality annotated datasets within project timelines.

PROJECTS

Digital E-Commerce Platform (Vendora) Full Stack Java Project

- Developed a full-stack e-commerce web application using Java, Spring Boot, React.js, MySQL, HTML, CSS, and Bootstrap.

- Implemented secure user authentication, role-based access control, product management, shopping cart, order management, and Razorpay payment integration.
- Developed RESTful APIs using Spring Boot and integrated them with the React.js frontend.
- Built responsive user and admin dashboards for efficient product and order management.
- Deployed the frontend on Vercel and managed source code using Git and GitHub.
- **Live Demo:** https://full-stack-java-project-yqbm.vercel.app

CERTIFICATIONS

- Full Stack Java Development Certification.
- AI Data Operations Internship Certification – THE AI School.

EXTRA-CURRICULAR ACTIVITIES

- Full Stack Java Certified 2025–2026
- Essay Writing Competition Winner August 2019
